Caratteristica tipica della Mail Art

è quella dello scambio

NON commerciale

Usando il servizio postale
come mezzo di
distribuzione
la Mail Art
cerca di istaurare
un feedback
tra mittente e destinatario

In questo modo si è venuta a creare una comunità internazionale che condivide informazioni e progetti in un circuito parallelo a quelli ufficiali.

La Mail Art

promuove

l’egualitarismo

La comunità
NON ha
struttura gerarchica
ed è aperta a tutti

Spesso le opere richiedono esplicitamente il contributo dei destinatari nella creazione di un lavoro condiviso

La Mail Art nasce tra la fine degli anni Cinquanta e l’inizio degli anni Sessanta, momento in cui la spinta alla condivisione delle informazioni e alla creazione di circuiti paralleli a quelli ufficiali diviene anche un fatto politico.

NEW YORK CORRESPONDENCE SCHOOL

Nel 1968
Robert Filliou e George Brecht
concepiscono e sviluppano l’idea della
Eternal Network,
una rete internazionale di artisti
che collaborano (telepaticamente)
ad un’opera di creatività permanente.

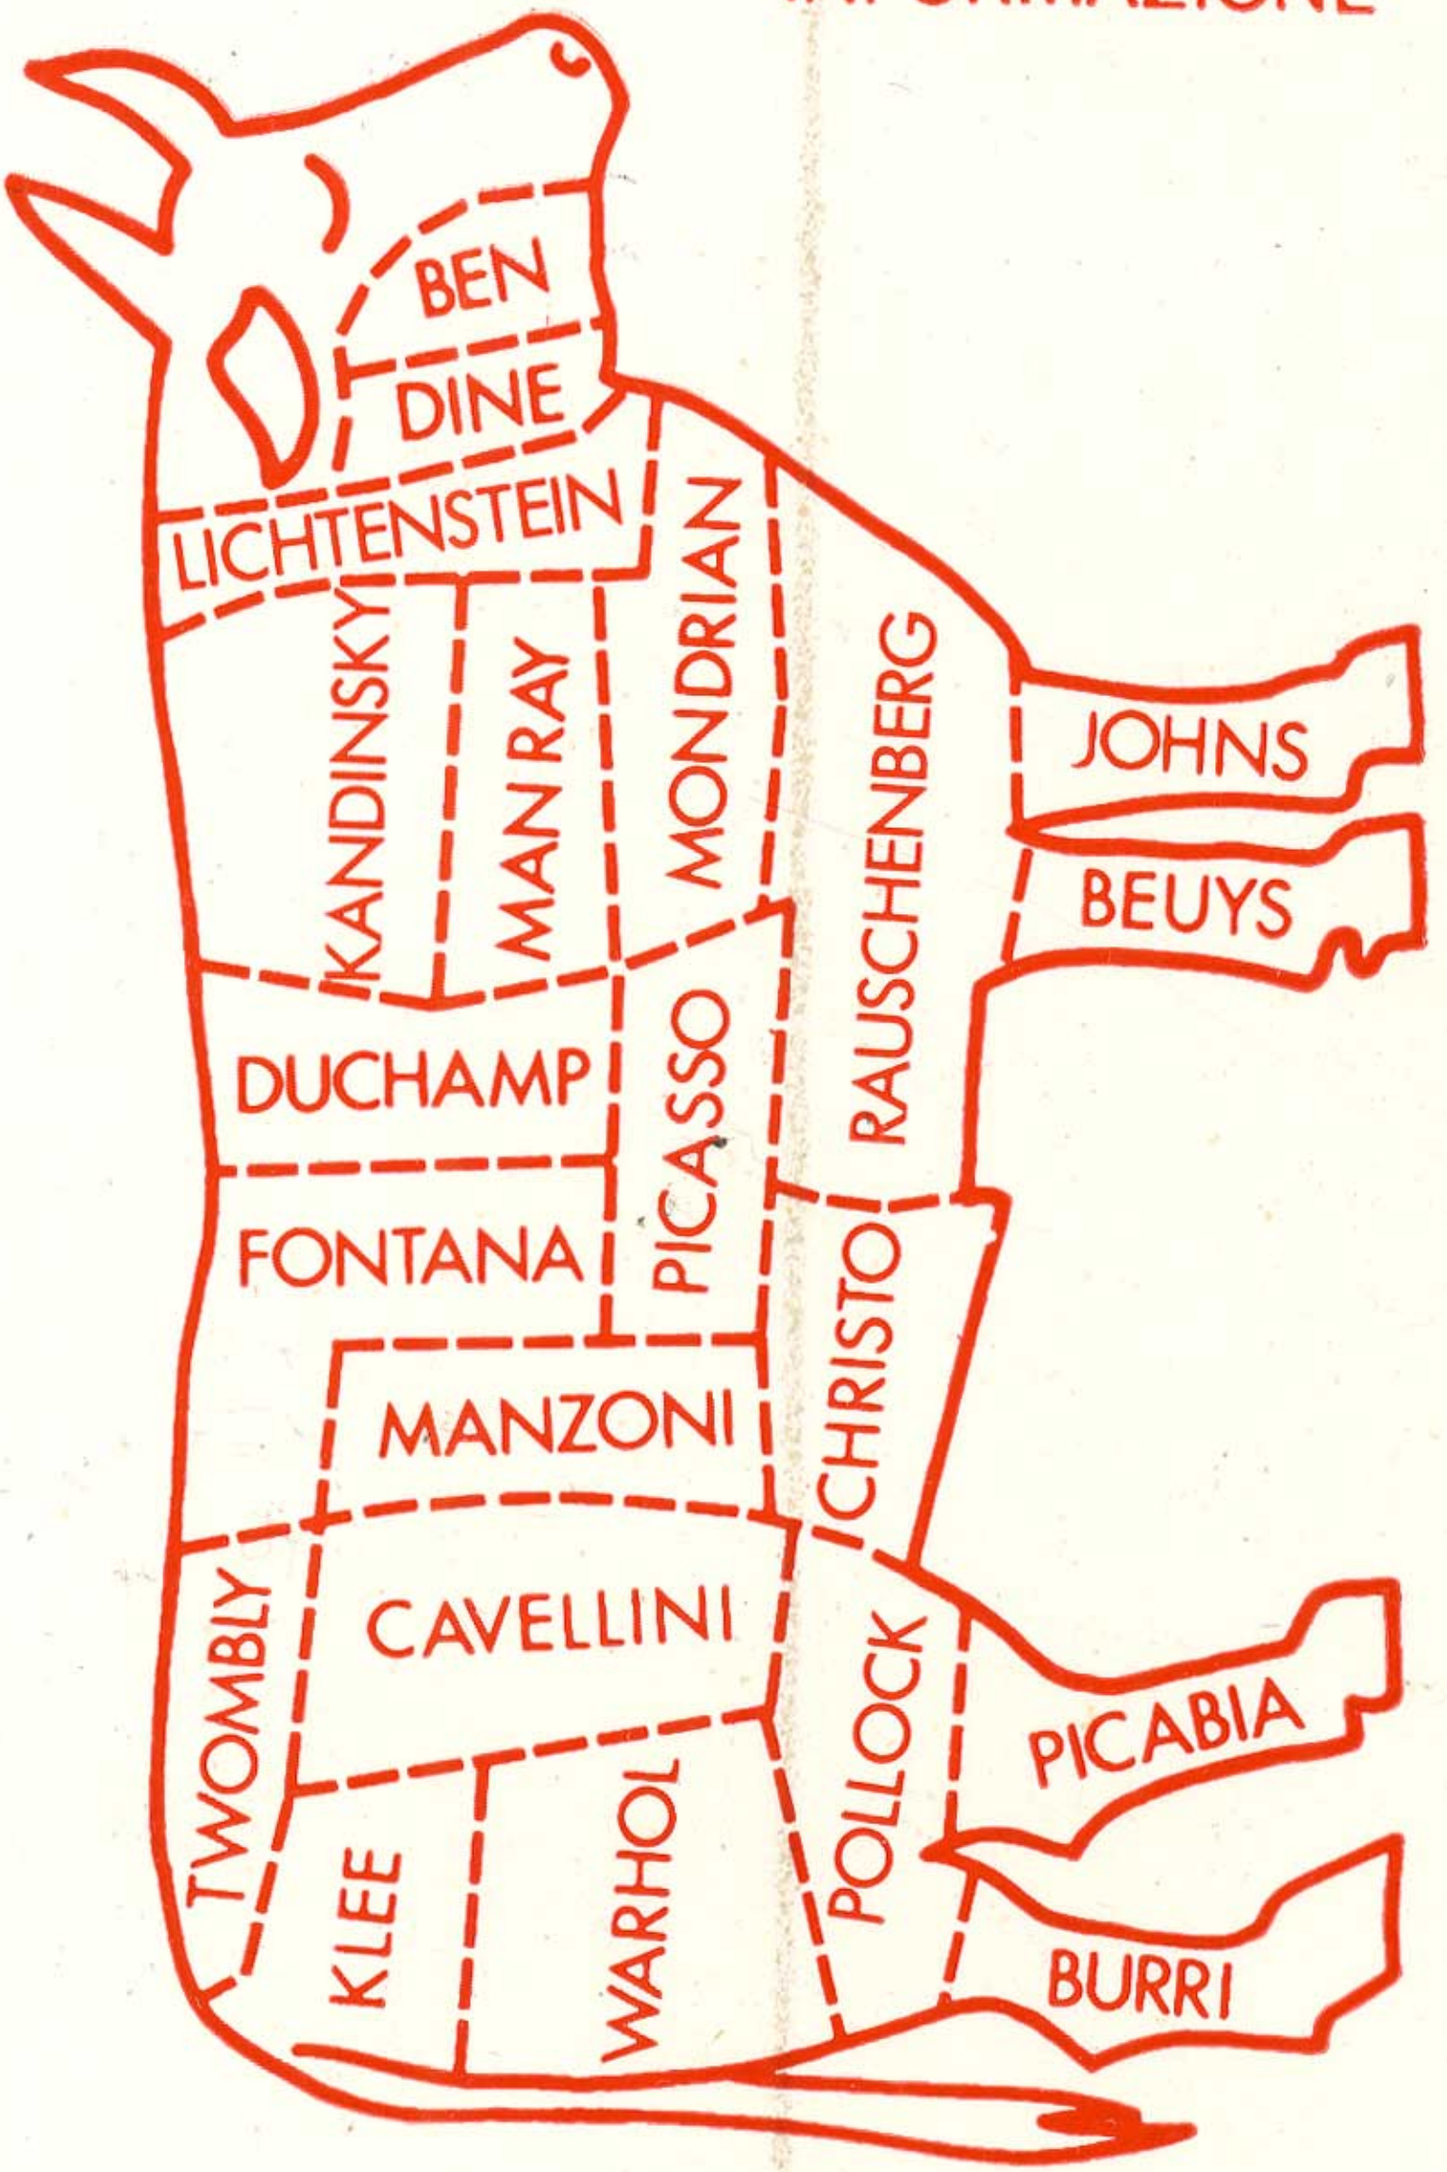
INFORMAZIONE



Appello urgente di estrema importanza

Imploro i popoli di tutto il mondo affinché si adoperino per scongiurare una assurda e catastrofica guerra nucleare per poter conservare la mia produzione artistica: un patrimonio da tramandare ai posteri a beneficio dell'intera umanità e della storia

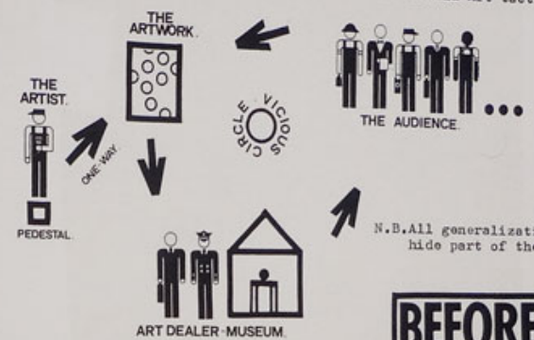
MA TACTICS

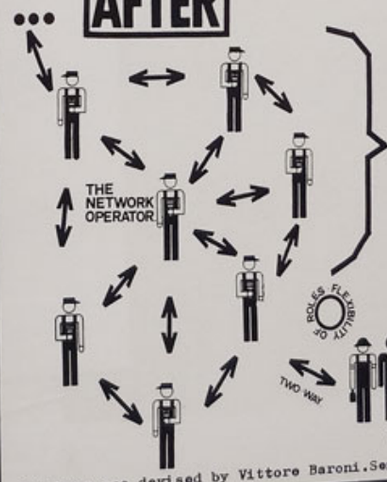
● Notwithstanding the wide range of old and new visual topics covered (e.g. rubber stamp,stamp,postcard,photocopy,audiocassette,etc.) Mail Art is not just another art trend. Mail Art affects firstly the structure of cultural work,the way art and information is produced and circulated.This is an INTRODUCTORY SCHEME to Mail Art tactics.

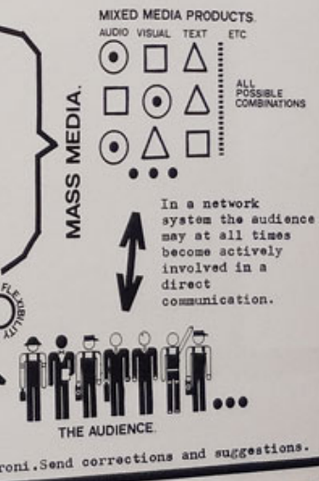


N.B.All generalizations hide part of the truth.

MAIL. BEFORE ART

AFTER





In a network system the audience may at all times become actively involved in a direct communication.
